show the size of the crowd which nearly always succeeds in getting on the Brightwood Avenue cars, at the busy part of the day, and which would indicate the rapid growth of population on the line of Brightwood Avenue. It is fair to say, in behalf of the company, that they have improved their service in the last six months very consider-

"That the road shall be supplied entirely with new cars of the most approved pattern, which shall be run as the public convenience shall require, but not less frequently than one car every fifteen minutes from each end of the line, between 5 o'clock ante-meridian and 12 o'clock midnight."

This provision applied to the then

To the Editor of the Washington Times:

The cartoon on the first page of your paper Saturday shows your sympathy with the traveling public in the District of Columbia.

The illustration, however, falls to show the size of the crowd which pearly always succeeds in getting on the Brightwood Avenue cars, at the busy part of the day, and which would indicate the result except the result of portivate citizens.

Forfeiture of Charter.

Minor infractions of a charter do not justify a proceeding for its forfeiture. The general rule of forfeiture may be taken as fairly expressed in the following quotation from Booth's Street Railway Law, a standard text book, page 72, article 52.

"But as a general rule it may be stated that if the company grossly fails in the performance of vital duties essential to the efficiency of the service which it is bound to give, such conduct will constitute a misuser of its franchise on account of which it may be forfeited to the State."

State."

It will be observed that the duty not performed by the street reliway complained of is the most vital one with which it is charged, namely, carrying of passengers with regularity and sufficient frequency. The failure of the railroad in this instance, is not only general—in view of increase in population—but is in direct disobedience of the law of Congress expressed in its charter, directing that cars should be run at intervals of fifteen minutes.

Pailway Officials' Threat

Railway Officials' Threat.

In this connection it is proper to state existing line on Brightwood Avenue, and would now apply to the road from the District line on Brightwood Avenue these features of the charter have been the provide Avenue.

Springs, Ala. Senator Morgan has recovered compistely from his recent illness.

The Russian ambassador and Countess Cassini, with the members of his excellency's staff, are expected to reach here either tomorrow evening or next day.

Baron von Sternburg, the German ambassador, will open the embassy here about October 12.

Percy Wyndham, first secretary of the British embassy, has returned from Lenox, to remain in Washington through the coming week.
